Citizens Helping Citizens in Crisis

Annual Report 2019

From the **TIP Staff**

Executive Director, June Vining

2019 ended as a successful year for TIPNW. We have benefited from the generosity of the community by allowing us into their lives at a very vulnerable time, our supporters who continue to give financially to keep the TIP mission going, and a very engaged Board of Directors to lead us into 2020.

We have overwhelming gratitude for our dedicated volunteers who are always ready/always there. They are the backbone of TIPNW. We begin 2020 with a professional reputation, history and experience to reach out to anyone at any time anywhere we are called to serve to offer that human touch on what has become a very high-tech world.

As we embark on the coming year, TIPNW continues to focus on inclusion, diversity, homelessness and acceptance. We are proud to answer the call for support, show-up on scene and to be present for citizens in crisis.

In TIP Spirit,

TIP Staff

(June, Jordan, Keri and Dennis)

What is **TIP**?

TIP is a group of specially trained citizen volunteers who provide emotional aid and practical support and resources to victims of traumatic events and their families in the first few hours following a tragedy.

TIP Volunteers are available 24 hours a day, 365 days a year.

TIP Volunteers are called by the emergency response system (police officers, firefighters, paramedics, hospital personnel and medical examiners) to assist family members and friends following a natural or unexpected death; victims of violent crime; victims of fire; disoriented or lonely elderly persons; people involved in motor vehicle accidents; people who are distraught and seeking immediate support; and survivors of suicide.

Always Ready... Always There.

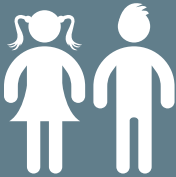

Mission: Our citizen volunteers provide emotional first aid to survivors of tragedy in order to ease their immediate suffering and facilitate their healing and long term recovery.
